APR-DRG Claims Project

IlliniCare Health partners with Optum and 3M to price our APR-DRG claims. An issue with Optum / 3M mapping caused a small subset of claims to incorrectly map to the wrong DRG. This led to claim overpayments during September 2015 through February 2016. IlliniCare Health will be reprocessing these claims that incorrectly mapped.

If you have questions regarding this APR-DRG claims project, please contact your Provider Relations representative.
